

Dive into the vision for the Hari Sanskritik Kendra

Interested to propose a Design ? - Please check this out

Scroll down to explore a variety of design concepts that have been proposed for this exciting project. We're on the lookout for a creative and practical design to bring our campus to life, complete with an optional mini park at the forefront.

If this project sparks your interest and you have a design proposal, we invite you to share your vision with us by uploading your design concept. Or contact us at hskgorkha@gmail.com.

Please note, while there is no financial remuneration for submitted designs, the true reward lies in the opportunity to see your design come to fruition if selected. The selected designer will receive due recognition for their contribution, either in part or in full, as a lasting testament to their work.

Should someone proceed with a class project with preliminary ideas and likes to visit site then we may be able to help.
